Autumn 2024

# Joseph Joseph®

Welcome to our Autumn 2024 collection.

At Joseph Joseph, our passion lies in identifying household challenges and overcoming them with innovative designs that elevate your daily life.

In line with this ambition, we were thrilled to recently launch Space, a revolutionary new range of professional quality cookware. Featuring our patented SwingLock™ technology, the handles fold in to save up to 50% more cupboard space than standard pans. Five years in the making, this unique cookware is made from durable, heavy-gauge aluminium, boasts a non-toxic, non-stick ceramic coating, and is induction compatible.

Earlier this year, we had the pleasure of unveiling Space cookware at the Inspired Home Show in Chicago, where we were honoured to receive four awards, including the prestigious Gia Award for Excellence in Product Design!

But our innovation hasn't stopped there. This season, we are thrilled to present our new Nest™ Bake range. This collection includes baking trays, muffin pans, cake tins, and loaf tins, all designed with handles that provide an easier grip with oven gloves. When storing, these designs also stack neatly to save precious space in your kitchen.

We've also set a new standard in waste management with the launch of our innovative Arc™ bin. Designed to save valuable floor space, this bin features an original pedal that sits neatly within its footprint, a storage compartment for liner rolls and integrated odour control. Available in stainless-steel and carbon black, Arc™ also adds a stylish aesthetic to your kitchen.

Elsewhere in the home we're introducing a new range of wardrobe organisers, as we continue to overcome the obstacles that emerge in this tight space. Featuring hangers specifically designed for suits & coats, long garments, and trousers & skirts, these clever products contain post-consumer recycled waste plastic as part of our Responsible Design initiative. In this we are committed to using sustainable materials, including post-consumer recycled waste plastic and promoting longevity with replacement parts available where possible.

In addition to the above, we're launching many other products that help with tasks across the home, from customisable shoe storage to clever laundry solutions and washing-up lifesavers. With exciting developments in-store too, we can't wait for you to explore this latest collection. It's one we are truly proud of.

*Antony & Richard Joseph*
